Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art of record teaches or suggests: the modular welding system as set forth in independent claim 25 and in particular the limitations associated with the operator control module and plurality of modular fixture component systems as set forth in the claim; a modular welding system as set forth in independent claims 34, 45 and 46, particularly the limitations directed to the boom, combined with the other claim elements; the modular fixture component system of independent claim 38, particularly the limitations directed to interfacing with a basic component system combined with the limitations directed to a consumable guide tube and an oscillator slide as set forth in the claim; the modular welding systems of independent claims 47 and 48, particularly the limitations associated with the weld shoes combined with the other claim features, the stiffener fixture frame of claim 47 combined with the other claim features and the butt/tee fixture frame of claim 48 combined with other claim features. The dependent claims are allowable at least because they depend from allowable independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
